OFFICE OF THE DEPUTY DIRECTOR

January 28, 1971

Dear Jake,

I have read with interest two of the messages that Dr. Low sent back while he was in Moscow holding the recent space talks with the Soviets. We particularly noted the Soviet inclusion of cooperation in earth resources surveying and talk of test sites in both countries. Because all of the items discussed at the talks are of interest to us, and particularly the earth resources survey topic, we would be interested in hearing more about the meetings from one of the attendees. I would appreciate it, if you would arrange for a debriefing of the NRO Staff at a time convenient to your people.

Sincerely,
